

# Tranquil Notes

April 2014

## WELCOME NOTE

---

Thank you to everyone who attended the Cultured Gathering by our friends, the tea masters from Flourishing Oasis, who brought a taste of Malaysia to Tranquil Resonance Studio. The day started with Gongfu Tea, followed by traditional Malaysian tea snacks paired with their unique herbal teas, and by David Wong sharing the ancient music of the guqin with everyone. What a great way to celebrate the "Melodious Taste of Spring"!

Tranquil Resonance Studio is preparing for its first Student Teacher Recital. Come listen to members of the studio share guzheng and guqin music, demonstrating their skill and passion! Keep posted for the date and location.
