

# Tranquil Notes

September 2015

## WELCOME NOTE

---

July and August have been busy months for us, filled with lectures, performances, and rehearsals. Thank you to everyone who joined us for Alan Yip's Cultured Gathering. We all appreciated his introduction to the Mei An Guqin style and his beautiful performance. He will definitely be back to share more with us. (Check the Photo page for more pictures from this event)

Our members are practicing tirelessly to prepare for our second annual student recital, *Resonant Strings 2015*, (for more information please check the event notes). This recital will include guqin students from all over the Bay Area, some performing together for the first time. We hope you can join us and support the students and members of Tranquil Resonance Studio as they share their passion for the music of the guqin and the guzheng.
